

Increase your digital agility with low-code/pro-code solutions

Adaptable solutions that meet the needs of the modern
enterprise

A leader in enterprise low-code application platforms, the Power Platform, empowers organizations to deliver business process automation solutions at speed. Combined with other cloud based pro-code tools like Azure Functions and REST API integrations, we are building enterprise-grade solutions that deliver real value to the organization.

Our Offerings

POWER PLATFORM SOLUTIONS

Deliver modern solutions that improve operational efficiency, reduce costs, provide valuable insights, and increase business agility.

MANAGED APPLICATION SERVICES

Expand your capacity to deliver high-quality, performant enterprise applications that can be scaled, extended, and supported.

POWER PLATFORM GOVERNANCE

Empower your citizen developers while ensuring compliance, governance, and operational excellence with a Power Platform Center of Excellence.

DATA ANALYTICS AND REPORTING

Gain insight into the internal workings of your operational processes with data analytics and Power BI reporting to make informed decisions and improve processes.

Contact us today to arrange a complimentary consultation with one of our Solutions Architects.

Delivering creative solutions for your most pressing business needs

We will help you deliver faster, avoid mistakes and incorporate Microsoft best practices

DISCOVERY

A complimentary session to understand your needs and expected business outcomes, as well as confirm that your request is a fit for the Microsoft platform.

ASSESSMENT

A series of workshops to dig into requirements, prepare prototypes, work iteratively with your team for feedback and confirm the solution design.

IMPLEMENTATION

Our team will configure the solution, conduct training and testing sessions, deploy to production, and support you for two weeks post go-live.

SUSTAINMENT

An optional agreement for the team to be available to you for ongoing escalation support and enhancements as your use of the solution expands.

Who We Are

For more than a decade, Compass365 has been refining our approach to implementing Microsoft low-code/pro-code solutions and delivering successful outcomes for our customers. Our team will design and deliver the right solution for your unique challenges.

ESTABLISHED IN 2007

We are the Microsoft 365 collaboration solutions services division of General Networks.

MICROSOFT GOLD PARTNER

Competencies include Cloud Productivity and Collaboration and Content.

EXPERIENCED TEAM

Our consultants hold over 12 Microsoft Certifications and an average tenure of 8 years.

CLIENT FOCUSED

60% of our revenue comes from organizations we've done business with for 10+ years.
