Delivering creative solutions for your most pressing business needs

We will help you deliver faster, avoid mistakes and incorporate Microsoft best practices

DISCOVERY

A complimentary session to understand your needs and expected business outcomes, as well as confirm that your request is a fit for the Microsoft platform.

ASSESSMENT

A series of workshops to dig into requirements, prepare prototypes, work iteratively with your team for feedback and confirm the solution design.

IMPLEMENTATION

Our team will configure the solution, conduct training and testing sessions, deploy to production, and support you for two weeks post go-live.

SUSTAINMENT

An optional agreement for the team to be available to you for ongoing escalation support and enhancements as your use of the solution expands.

Who We Are

For more than a decade, Compass365 has been refining our approach to implementing Microsoft Business Applications and delivering successful outcomes for our customers. Our team will design and deliver the right solution for your unique challenges.
