

Hello %%First-Name%%,

Happy Holidays! On behalf of the team at Compass365, I would like to wish you and yours a warm, wonderful holiday season and all the best in 2023!

It's been a busy year here at Compass365. Ignite, Microsoft 365 Collaboration and the first ever Power Platform Conferences were held in person, and it was great to see old faces and meet new friends as well. Demand for our Power Platform, SharePoint Migration, M365 Content and Collaboration and Intranet services were at an all-time high in 2022. We're not complaining as it's been fantastic to have our Consultants working on fun and interesting projects while supporting our client's growth and initiatives throughout the year, and we are adding team members at a steady pace. We are forever grateful. That being said, we are all looking forward to giving ourselves the gift of some well-deserved downtime over the holiday season as we strive to maintain a good work-life balance.

Perhaps you are also seeking ways to help your employees reclaim their work-life balance as well? If so, The [WorkLab](#) at Microsoft has some resources to help. The Microsoft WorkLab produces great content, in a variety of formats, on leadership, culture, innovation, collaboration and more, built around current surveys in the workplace. I look forward to the Work Trend Index Reports and there's always a nugget of good information to implement here at Compass365. Check out the [WorkLab Guides on How to Hybrid](#). The topics include:

- Making In-Person Time Count
- Unlock Asynchronous Collaboration
- Regain Work-Life Balance
- Get Hybrid Meetings Right

We'll be back next year to continue our goal of sharing Microsoft technology tips, tricks, announcements and innovations. In the meantime, we wish you a warm holiday season and the gift of time to relax, reconnect and recharge.

Tips to Improve Work-Life Balance:

1. Prioritize Your Health
2. Invest in Relationships
3. Ask for Flexibility
