

Hi %%First-Name%%,

We are thrilled to announce that Compass365 will be attending the upcoming Power Platform Conference taking place in Las Vegas this October! This is an exciting opportunity for us to connect with fellow industry leaders, share insights, and explore the latest innovations in the realm of Power Platform.

Event Details:

[Microsoft Power Platform Conference](#)
October 3-5, 2023 (workshops October 1, 2, and 6)
MGM Grand Las Vegas, Nevada

Why Attend? The Power Platform Conference is a premier event for Power Platform professionals, enthusiasts, and experts. Whether you are a seasoned developer, a business analyst, or an IT decision-maker, this event promises a wealth of knowledge, networking opportunities, and hands-on experiences. You can expect:

- **Keynote Sessions:** Gain valuable insights from Power Platform visionaries and leaders, as they share their perspectives on the future of the Power Platform and its impact on digital transformation.
- **Interactive Workshops:** Dive deep into technical sessions and workshops led by experts, where you can enhance your skills, learn best practices, and get practical tips to maximize the potential of the Power Platform.
- **Networking Opportunities:** Connect with peers, thought leaders, and potential collaborators during networking breaks, receptions, and special events throughout the conference.

If you are planning on attending, we would love to connect with you. Please reach out directly to me at cashbaugh@compass365.com to schedule a meeting.

This is an exceptional opportunity to learn, grow, and connect within the Power Platform community. We look forward to meeting you at the Power Platform Conference in Las Vegas this October!

Get to know the Compass team

Qais Gharib

Practice Manager | Microsoft Business Applications

As our Business Applications Manager, Qais leads our experts focused on the development and delivery of line-of-business solutions utilizing the Power Platform.

Areas of Expertise/Certifications:

Business process automations, data and reporting with Power Apps, Power Automate and Power BI, solutioning, architecture and delivery management.

"I love helping our clients solve critical business problems with solutions that are easy to use, easy to maintain, take advantage of the Microsoft tools they already own, and provide great value to the organization. I especially enjoy recognizing and offering improvements to processes that the business users may not have thought of. This is delivering real value"

- Qais Gharib

As always, the Compass365 team is here to assist you in improving the way your organization operates and your employees work with SharePoint and the Microsoft 365 platform.

If you have a vision for driving improvements and would like to discuss your ideas with our team of Microsoft consultants, please reach out at any time.
