

Hi%%First-Name%%,

We've seen a growing number of organizations reaching out as major Microsoft end-of-support and product retirement deadlines draw closer in 2026. With changes ahead for SharePoint 2013 workflows, InfoPath, SharePoint Add-Ins, SharePoint Server 2016/2019, and Microsoft 365 pricing, many teams are taking a fresh look at their environments and modernization plans.

Planning early can make a significant difference, giving you more time, more options, and fewer surprises. Explore the resources below to understand what's coming and how to prepare, and if you're looking for guidance, a conversation with our team can help you find the best path forward.

## Resources

### Microsoft End of Support and Retirements in 2026: How to Prepare

Major Microsoft product retirements and end-of-support deadlines are coming in 2026. Learn what's changing, what's at risk, and how to modernize to future-proof your business.
